FEBRUARY 2012

FOR SALE

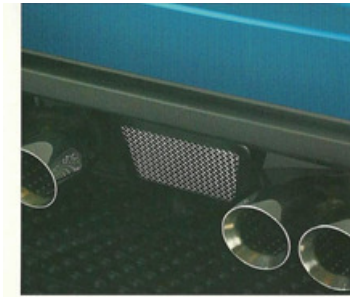

Opportunity to acquire 2009 Thunder in the Mountains, Best-of-Show and C5 1st Place winner.

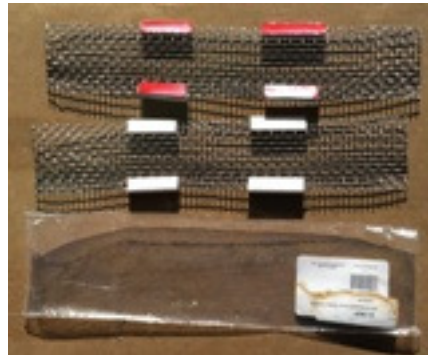

Autographed by Canada's ALMS C6R Corvette driver Ron Fellows, this beautiful and fully equipped Dark Navy/Tan 2000 convertible presents the best of both worlds: Show n' Go. Its 505 hp ATI/ProCharger supercharged engine is backed by a RPM-V automatic transmission and 3:42 DynoTech Stage 4 differential. The custom Navy/Nougat Italian leather wrapped interior with Pioneer NAV/Satellite/iPod radio and AutoMeter gauges is contained within a carbon fiber hood, custom TigerShark body with C6 prototype front end and exposed headlights. Its one-of-a-kind Red/White/Blue Eagle body graphics, engine accents and chrome components make this car a consistent show winner. All this rides on Goodyear F1-D3 tires on Z06 rims stopped by Baer EradiSpeed Brakes & Rotors. Certainly, there is much more included. Offered at a firm \$38,700 (US), an appointment can be made to experience this unique automobile by calling 360-656-6321 or contacting the owner at Lenny.Angello@comcast.net.
